Professional Summary

Web and e-commerce developer with 5+ years of experience across freelance and company roles. Delivered 15+ custom WordPress websites at ATEQANIA and coordinated front-end, back-end, and Figma design contributors at NQ7GROUP. Combines React and Next.js development, Arabic/English user experiences, AI-assisted development (Vibe Coding), and graphic design to translate business requirements into working websites and digital storefronts.

Core Skills

Front-End: React.js, Next.js, JavaScript, TypeScript, HTML5, CSS3, Tailwind CSS, Redux

CMS & E-Commerce: WordPress, Elementor, Salla, WooCommerce, Shopify

Back-End & Tools: Node.js, Express, REST APIs, MySQL, MongoDB, Git, GitHub

AI & Design: Claude, ChatGPT, Vibe Coding, AI-assisted coding and debugging, Canva, Adobe Photoshop, Figma coordination

Delivery: Task allocation, front-end/back-end integration, responsive design, technical SEO, web performance, hosting and DNS support

Professional Experience

Freelance and part-time engagements overlapped with some company roles.

Trust & Build for Information Technology

Web Developer

Aug 2024 - Oct 2026 | Freelance | Riyadh, Saudi Arabia | Remote

- Developed responsive Arabic and English websites and storefronts, customizing WordPress and Elementor layouts and plugins to meet client requirements.
- Improved page speed, technical SEO, and browsing and shopping flows; provided technical support and coordinated hosting and DNS updates.

Rising Point

Web & E-Commerce Developer

May 2025 - Aug 2026 | Freelance | Riyadh, Saudi Arabia | Remote

- Developed WordPress websites and customized Salla storefronts, including product and category pages, landing pages, forms, and integrations.
- Improved business and accounting system interfaces, dashboards, and Arabic user flows; troubleshot issues and maintained existing projects.

ATEQANIA

Senior Web Developer

Mar 2024 - Jun 2026 | Remote

- Developed and launched 15+ custom WordPress websites with responsive layouts tailored to each brand.
- Integrated APIs and third-party services and collaborated with designers and marketers to improve website performance and user experience.

Professional Experience Continued

Jeetroom

Next.js Developer

Apr 2024 - Oct 2024 | Part-time | Saudi Arabia | Remote

- Developed dynamic web applications with Next.js and integrated APIs and third-party services.
- Improved front-end performance, technical SEO, and the stability of application functionality and integrations.

NQ7GROUP

Full Stack Developer

Oct 2022 - Feb 2024 | Full-time | Sana'a, Yemen | On-site

- Led technical team coordination, distributing tasks across front-end and back-end developers and the Figma design contributor.
- Coordinated design-to-development handoffs and front-end/back-end integration; defined web page structure and aligned implementation across contributors.

NERDO for IT and Multimedia Services

Front End Developer

May 2021 - Jun 2023 | Freelance | Sana'a, Yemen | Remote

- Provided freelance front-end development services in an IT and multimedia services environment.

Meem Graphics

Full Stack Developer

Jun 2022 - Oct 2022 | Full-time | Sana'a, Yemen | On-site

- Worked on full-stack web development in a digital marketing and graphic design environment.

BlackGem Tech

React Developer

Nov 2021 - Sep 2022 | Full-time | Sana'a, Yemen | On-site

- Developed React-based web interfaces for website and software projects.
